ABOUT EVARO:

A SOPHISTICATED, GEOMETRIC TAKE ON AN ANIMAL PRINT. EVARO FEATURES A SERIES OF ELONGATED TRIANGLES, THEIR CENTER POINTS MEETING TO CREATE A SINUOUS, SPINE-LIKE LINE DOWN THE CENTER OF THE RUG, REMINISCENT OF A ZEBRA HIDE. THE TIGHT COILING OF THE ABACA REINFORCES THE STRETCHED GEOMETRIC SHAPES, WHILE ALSO BESTOWING AN ORGANIC, HANDCRAFTED WARMTH TO THE STARK SHAPES. THE NATURAL AND BROWN COLORWAY INCORPORATES AN OMBRÉ EFFECT AGAINST A CREAMY BACKGROUND.
