ABOUT MITRE:

AT FIRST GLANCE A SIMPLE GEOMETRIC TWILL PATTERN, MITRE IS DECEPTIVELY COMPLEX. THE WEAVE PATTERN CHANGES DIRECTION THROUGHOUT, CREATING A CONCENTRIC SQUARE MOTIF. FLATWOVEN IN WOOL, THIS HIGHLY VERSATILE PATTERN FITS SEAMLESSLY INTO A VARIETY OF SETTINGS. THE NATURAL COLORWAY CONTRASTS A VARIEGATED BROWN YARN WITH LIGHT ECRU, EQUALLY AT HOME IN A FORMAL ENVIRONMENT OR A MORE RELAXED ONE.
